I can gin and make a good sample of cotton from the pickings from the ground, as also that gathered with bolis. Cotton picked with ordinary care is improved one-fourth to one-third in value, at present prices. With the aid of the "C. C. C." I can work up and gin damp cotton without trouble. I find that with cotton from the "C. C. C." my gin picks the lintent more readily and with less draft. Yours, etc.,

ALLISON BROTHERS, Memphis: Gentlemen -I used the "Complete Cleaner," bought of you, on my entire crop last year Gentlemen—I used the "Complete Cleaner," bought of you, on my entire crop last year, and it gives me pleasure to add my testimony to its excellence. The machine does all you claim for it, thoroughly cleans the cetton of all dust, dirt and small trash, loosens and lightens it, thus enabling the gin to do better and more work, with less draft and less wear of machinery, makes merchantable cotton of much that would be a total loss, and while in every way it adds greatly to the convenience of the ginner, it adds equally as much to the practic of the planter. Especially in these days of Low PRICES, is it "an indispensable machine to every cotton planter or ginner."
